After the success of our last P&O Seminar Cruise it is time to hit the high seas again with a journey into the teachings of the ancient mystery schools. Come and join me for four days of in depth study as we cruise the spectacular Pacific Islands and visit Fiji.

Our cruise ship the Pacific Aria will depart **Brisbane** on Sunday the 10th July for 12 nights cruising amongst the stunning tropical Pacific islands. After 2 days at sea we will visit the dazzling Isle Of Pines – New Caledonia. It is commonly referred to as the jewel of the pacific which boasts picturesque bays, golden sands and friendly people.

We continue on to Mystery Island - Vanuatu with its famous golden secluded beaches and then out to sea for another day.

Our next port of call is Suva – Fiji, it's a lush green city on a hilly peninsula. You may choose to see one or more of these, Fiji Museum, tropical botanical gardens, Colo-i-suva Forest Reserve.

The following day we further explore Fiji as we dock at Port Denarau This charming port area is a hub for charter tours, relaxing resorts, cultural performances. The port features a scenic marina and fantastic opportunities for shopping, dining and experiencing the local culture. After another day at sea we dock at to Capital of Efate island - **Vila**. Vila boasts the delightful Cascade waterfalls set in a tropical parkland, many small shops, and some markets. You would have a full day here to explore this gem in the ocean, before heading home.
